> START YOUR TOURING SHOWS!

Between **MOV'IN80** and **MOV'IN160**, **MOV'IN120** has a **14 m opening** and **9 m of depth**. It is the most versatile stage for starting big shows

Easy to manoeuvre, lightweight and reliable, it will be the **reference** so that the imagination of your clients will know no bounds!

Its surface area acts as an **"intermediary"** for large festivals of 7,000 to 9000 people.

> MORE ATTACHMENT POINTS FOR ALL YOUR IDEAS

With **MOV'IN120**, over **14 tonnes** of technical material can be fastened to its structure; using **87 attachment points!**
... almost like its sisters.

This flexibility will provide **unbound imagination** for your clients and make a difference compared to the competition.

100% reversible, it does not matter if it opens on the left-hand side or on the right-hand side of the semi-trailer.

> RELIABILITY, QUICKNESS, SAFETY

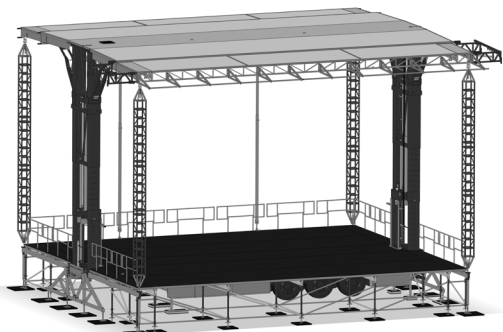

Quick to install, it is flexible and easy to manoeuvre.

Its folded dimensions make **MOV'IN120** one of the most robust semi-trailers which can be installed on any type of ground.

100% hydraulic, you will save an exceptional amount of time due to the PLC-assisted mounting controlled by its **Siemens® touch sensitive remote control**.

All essential information is there; oil pressure, levelling, deployment speed, etc. They form a real on-board dashboard.

A minimum servicing and your **MOV'IN120** will follow you in the long run. It will become one of your best and most profitable investments.
