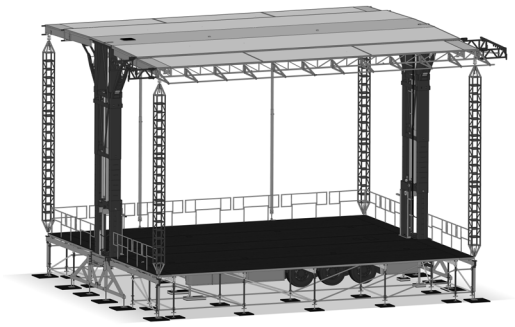
> THE REFERENCE

We are the only manufacturer in Europe to offer mobile stages of such a high technical level. **MOV'IN160** is the present middle-range stage reference for all touring shows and very big events.

160 m² of clear surface area which easily meet your expectations without time or logistical constraints.

Safety, reliability and quick mounting are **synonymous with MOV'IN160.**



> MORE ATTACHMENT POINTS FOR ALL YOUR IDEAS

Designed for providing high load capacities across the roof, **MOV'IN160** means **14 tonnes** of technical material which can be fastened to its structure; using **89 attachment points** ! ... unrivalled.

Its size will make all events a **success** and will make a difference compared to any competition.

> RELIABILITY, QUICKNESS, SAFETY

MOV'IN160 is designed to bring your long-term flexibility and reliability.

100% hydraulic, our cylinders provide power, flexibility and precision during every mounting operation.

Relying on a set of sensors connected to a PLC controlled by a **Siemens® touch sensitive remote control, *time saving and more safety*** will be your allies during mounting.

All essential information is there; oil pressure, levelling,deployment speed, motor servo-control, etc. They form a real on-board dashboard.

100% "reversible", you will gain efficiency in terms of its installation.

With regular servicing, you will guarantee its value over time, making it your best investment.

A few words on our industry

Entertainment-oriented trademark of GUILLET SAS (Ltd.), mobile stage manufacturer since 1994, our *savoir-faire* never ceased to expand, providing clients with ever more guarantees and follow-up. With our labels and certificates of excellence, our industry today can assure you that you have chosen the best partner for your shows by delivering a rigorous, high-quality product.

Our company is ISO 9001, ISO3834-2 and EN1090-certified. This enables us to obtain authorisations for our mobile stages. By incorporating all skills into our factories, we can guarantee a high-quality product, full traceability for all elements, and provide you with complete satisfaction. We have European authorisation.

MOBILE STAGE
DATA SHEET **MOV'IN160**

160 m² | 8 m | 4 | 3 h

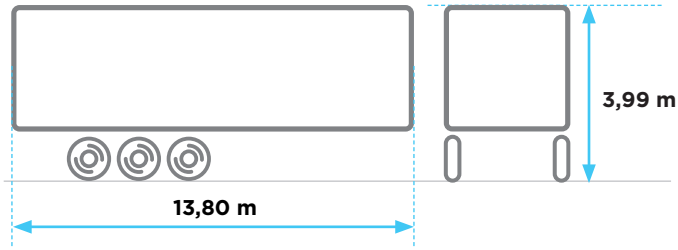
REAL STRENGTH > *Its reputation is well established*

Trailer			
Length	13,80 m	Width	2,52 m
Height	3,99 m	Weight	34 T
Signals		LED norme CE	
Number of axles	3	Load per axle	11 T
Key box across the chassis - Sliding-drawers			

Floor	
Length x width	13,80 x 11 m
Floor height above the ground	1,68 / 1,84 m including shimming
Resistance	500 Kg / m²
Surface area	151,8 m²
Type	18 mm thick plywood consisting of 13-ply 100% birchwood 1 smooth side / 1 non-slip side
Safety	Life Line Kit / Roof porthole
	Guardrail — *Option With bars*
Subfloor	Compatible Layer
	Option Customisable flange

Roof	
Clearance	7,7 m
Corner post	*G41C girder - Alu 6082T6*
Distributed load capacity	10,4 T
Kit Line Array	Painted steel cross-piece L 1,20m integrated into the roof structure
Line Array load capacity	1.5 T
Coating	5 mm through-coloured glass fibre - white or black
Accessoire intégré	Anemometer
Option Additional awning kit	

ALL OUR MOBILE STAGE ARE CERTIFIED 2007/46/CE



Motorisation	
Electric motor	5 Kw
Option Internal combustion engine	
Option Pack I Green Power 0 emission — Contact us	

Control	
"Screen Control" **Pack**	+ SIEMENS touch sensitive remote control + Sensors + Reinforced network cable
Option "Full Control"	*"Screen Control" Pack* *+ Managing 16 to 24 hoists*

Wind-resistant	
Without lateral tarpaulin	90 Km/h
Lateral + back stage tarpaulin	70 Km/h
Safety	Our tarpaulins use a technology enabling them to quickly fall in the event of a strong wind > 72 Km/h

ISO 3834-2 CERTIFICATION — EN 1090 CERTIFICATION
