## > MORE DEPTH...

224 m<sup>2</sup> of floor surface area dedicated to shows.

Its **16 m of opening**, **14 m of depth** and its **11m Giga Clearance**, make it a stage with outstanding performance.

**MOV'IN224** will provide the feeling of a very large space. Backed by our 90 and 140 m<sup>2</sup>, extension models, you will provide your clients with all opportunities to create a big event.

Like its sisters, **MOV'IN192** (under development) and **MOV'IN256**, they are the answers for mega-shows of 1,000 people and **MORE..**

As for your logistic constraints, its unique design makes it an easy-to-use tool.

## > AN UNRIVALLED TECHNIQUE

Designed to provide unrivalled load capacities over no less than **180 attachment points** distributed across the roof,

**MOV'IN224** will allow you to install **26 tonnes of technical material across** its structure, including **5 tonnes** dedicated to Line Array.

100% "reversible", you will gain efficiency in terms of its installation.

## > INSTALLATION IN RECORD TIME

**MOV'IN224** is undoubtedly the perfect product for making big events real celebrations. You will achieve **outstanding performance** with its **100% hydraulic mounting** controlled by a PLC assisted by a latest generation SIEMENS touch sensitive remote control.

All essential information is there; oil pressure, levelling, deployment speed, motor servo-control, etc. They form a real on-board **dashboard**.

Lightweight, robust, assembled on a chassis with 3 directional axles, it will go wherever you want... Its folded dimensions will make one of the easiest to manoeuvre semi-trailers.

## A few words on our industry

Entertainment-oriented trademark of GUILLET SAS (Ltd.), mobile stage manufacturer since 1994, our *savoir-faire* never ceased to expand, providing clients with ever more guarantees and follow-up. With our labels and certificates of excellence, our industry today can assure you that you have chosen the best partner for your shows by delivering a rigorous, high-quality product.

Our company is ISO 9001, ISO3834-2 and EN1090-certified. This enables us to obtain authorisations for our mobile stages. By incorporating all skills into our factories, we can guarantee a high-quality product, full traceability for all elements, and provide you with complete satisfaction. We have European authorisation.

## MOBILE STAGE

# DATA SHEET

# MOV'IN224

THE LINK > One step towards the King

Trailer			
Length	17,20 m	Width	2,70 m
Height	4,30 m	Weight	56 T
Signage	LED norme CE		
Number of axles	3	Load per axle	12 T
Key box across the chassis - Sliding-drawers			

Plancher	
Length x width	16 x 14 m
Floor height above the ground	1,70 / 2 m including shimming
Resistance	500 Kg / m <sup>2</sup>
Surface area	224 m <sup>2</sup>
Type	18 mm thick plywood consisting of 13-ply 100% birchwood 1 smooth side / 1 non-slip side
Safety	Life Line Kit / Roof porthole
	Guardrail <i>Option With bars</i>
Subfloor	Compatible Layer
	<i>Option Customisable flange</i>

Roof	
Clearance	10,50 m
Corner post	G41C girder - Alu 6082T6
Distributed load capacity	21,2 T
Kit Line Array	Painted steel cross-piece L 1,20m integrated into the roof structure
Line Array load capacity	2,5 T
Coating	5 mm through-coloured glass fibre - white or black
In-built accessory	Anemometer

ALL OUR MOBILE STAGE ARE CERTIFIED **2007/46/CE**

Motorisation	
Electric motor	5 Kw
<i>Option Internal combustion engine</i>	
<i>Option Pack 1 Green Power 0 emission</i> <a href="#">Contact us</a>	

Control	
"Screen Control" Pack	+ SIEMENS® touch sensitive remote control + Sensors + Reinforced network cable
<i>Option "Full Control"</i>	<i>"Screen Control" Pack</i> + <i>Managing 16 to 32 hoists</i>

Wind-resistant	
Without lateral tarpaulin	100 Km/h
Lateral + back stage tarpaulin	70 Km/h
Safety	Our tarpaulins use a technology enabling them to quickly fall in the event of a strong wind > 72 Km/h
