> THE ABSOLUTE...

One-of-a-kind and really impressive, **MOV'IN256** is the biggest mobile stage worldwide, in one semi-trailer.

We are the only manufacturer in Europe for such a mobile stage with these dimensions: **16m of opening, 11m of clearance and 16m of depth.** It is the **absolute KING** of all of your big shows.

With **256 m² of real surface area** for meeting all requirements, **MOV'IN256** combines safety, reliability and ease of assembly... without any logistic constraints in spite of its size!

> IT EXCEEDS ANYTHING!

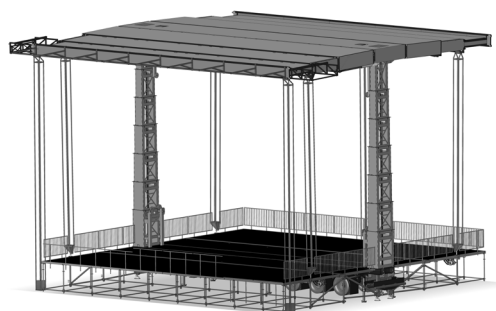

With its **210 attachment points**, **MOV'IN256** will allow you to install **over 26 tonnes** of technical material within its structure, including **5 tonnes** on the Line Arrays ...You will do whatever you want without constraints... A must have!

> IT IS JUST UNBELIEVABLE

Assembled on a 3-directional axle chassis, with **100% hydraulic deployment, intuitive control** through a PLC integrated into a latest generation SIEMENS® touch sensitive **remote control**, you will have in your hands, **a unique object** which can be installed in record time.

All essential information is transferred to your remote control; oil pressure, levelling, deployment speed, motor servo-control, energy consumption, load capacity, etc., everything is included to ensure an unrivalled installation efficiency.

Your **MOV'IN256** will definitely be your most profitable financial investment..

A few words on our industry
