**> A PROFESSIONAL MOBILE STAGE  
FOR A GOOD START.**

The simple design of **MOV'IN36** will give you a steady start in the world of mobile stage structures.

Easy to mount in its manual or electric version, it will provide a **36 m<sup>2</sup>** stage for small festivals, shows, public or private events, etc., without blushing.

In three words: **quick, simple and reliable.**

**> A STRUCTURE PROVIDING  
OPTIMUM ATTACHMENT CAPACITY.**

Due to the "roof" design employing tubes, stairs and cross-pieces made of aluminium 6060T6, along with fitted corner posts, the attachment capacity will allow you to equip your stage depending upon your operating needs. .. All this, up to **2 680 kg!**

Additionally, to bring you MORE solutions, we offer 8 to 11 attachment points distributed across the roof.

Our **MOV'IN36**, **MOV'IN48**, **MOV'IN60** and **MOV'IN** stages in **VERSION +**, are the highest-performance stages on the market.

**> A SIMPLE DESIGN  
TO SERVE YOUR IDEAS.**

Built on a lightweight road chassis, our **MOV'IN36** to **MOV'IN60** trailers are designed for a quick, efficient and safe assembly.

You will save 75% to 90% of the time compared to a regular stage.

Our stages are 100% "reversible".

**MOV'IN36** is a "small" compact stage, the best equipped and the quickest to use on the market.

**A few words on our industry**

Entertainment-oriented trademark of GUILLET SAS (Ltd.), mobile stage manufacturer since 1994, our *savoir-faire* never ceased to expand, providing clients with ever more guarantees and follow-up. With our labels and certificates of excellence, our industry today can assure you that you have chosen the best partner for your shows by delivering a rigorous, high-quality product.

Our company is ISO 9001, ISO3834-2 and EN1090-certified. This enables us to obtain authorisations for our mobile stages. By incorporating all skills into our factories, we can guarantee a high-quality product, full traceability for all elements, and provide you with complete satisfaction. We have European authorisation.
