> ALLER, MORE VOLUME, MORE IMPOSING

You want to make a difference compared to your competitors, by seeing "HIGHER"? **MOV'IN80+** is the stage you need! With its **2m of additional clearance**, it makes your festivals or events more impressive. You will offer your clients a real international standard stage.

Exclusive option on this model, **2 control rooms integrated into "yards and gardens"** synchronised at the stage opening.

Lightweight, easy to manoeuvre, robust, its design will meet all of your expectations. It will accompany you across Europe, on all sites, for all events.

> MORE ATTACHMENT POINTS FOR ALL YOUR IDEAS

All our stages are designed to provide unrivalled load capacities.

For **MOV'IN80+**, over **14 tonnes** of technical material can be fastened to its structure in multiple configurations, using its **85 attachment points** distributed across its roof. Its "+" **8m** clearance easily competes with the bigger stages.

100% "reversible" stage, you will not need to worry any longer about opening on the right side.

> RELIABILITY, QUICKNESS, SAFETY

MOV'IN80+ has no time and logistics restrictions.

Quick to install, it is reliable, flexible, and robust. Its folded dimensions make **MOV'IN80+** one of the most easy to manoeuvre semi-trailers which can be installed on any type of ground.

100% hydraulic, its mounting is assisted by a set of sensors connected to a PLC. Its **Siemens® touch sensitive remote control** will group together all essential information thus making it **areal on-board dashboard**.

Needing minimum servicing, **MOV'IN80+** will capitalise on your investment in the long run becoming one of your most profitable products.

A few words on our industry
