> With the elements of the **MOV'ON TRAD** stage, our regular stage is an easy, quick to install solution.

Solid and long-lasting, all structural elements are made of hot-galvanised steel.

Trusses, cross-pieces, 1/2 cross-pieces, and underframes are designed to be **mounted in a few minutes**, fitting very easily into the configuration of your indoor or outdoor environment, whatever the event.

The floor made of birchwood panel mounted in 22 mm thick plywood, **withstand a load of 500 kg/m²**. You will design your custom-made mobile stage by combining platforms and modular elements of all sizes, with an adjustable height from 80cm to 1.60m.

With stairs, guardrails, stage skirts, etc. Versatile and modular, our regular stage is **especially used for concerts, local dances, inside ball rooms or outdoors**.

Create a stage space perfectly suited to your needs and events!

A few words on our industry

Entertainment-oriented trademark of GUILLET SAS (Ltd.), mobile stage manufacturer since 1994, our *savoir-faire* never ceased to expand, providing clients with ever more guarantees and follow-up. With our labels and certificates of excellence, our industry today can assure you that you have chosen the best partner for your shows by delivering a rigorous, high-quality product.

Our company is ISO 9001, ISO3834-2 and EN1090-certified. This enables us to obtain authorisations for our mobile stages. By incorporating all skills into our factories, we can guarantee a high-quality product, full traceability for all elements, and provide you with complete satisfaction. We have European authorisation.
